## \$10,000 DAMAGE SUIT IS DELAYED

Case of Garrison vs Widau Post-  
poned Today Because of In-  
juries Sustained by Defendant

### HURT IN AN AUTO ACCIDENT

Ozzo Hoard Arrested on Charge of  
Wife Desertion—Donald Car-  
penter Seeks Divorce

A \$10,000 damage suit was sched-  
uled for today in circuit court, but  
because of injuries which the de-  
fendant received in an automobile  
accident a week ago, the case was  
postponed until a later date. The  
case was that of Garrison against  
Widau.

Charles Garrison is suing John A.  
Widau for damages on account of  
alleged injuries he received late in  
the fall of 1916, when his spring  
wagon was struck by an automobile  
driven by Mr. Widau, on the pike  
between Raleigh and Bentonville. On  
the wagon with Mr. Garrison was  
his daughter, Ona Lee Garrison, and  
each of them is asking damages to  
the extent of \$5,000.

The case was ready for trial to-  
day, but at a late hour last night  
Mr. Widau informed the court that  
he would be unable to attend, be-  
cause he was suffering injuries which  
he incurred on last Sunday, when he  
was in an automobile accident.

A \$1,500 damage suit from Han-  
cock county has been sent here, it  
being the case of Delana S. Wiggins  
against Howard C. Elliott, et al.

Ozzo Hoard was arrested last  
Saturday by Sheriff Jones on a  
charge of wife desertion. When ar-  
raigned before Judge Sparks, no  
plea was entered, and a bond of  
\$100 was placed against him, which  
was provided.

The suit on an account, demand-  
ing \$300, which was recently filed  
by Miller, Wellman and Huffman, a  
firm doing business in Rush county  
as live stock breeders and sellers,  
against Blanche Hitt, et al., to col-  
lect on an account, which was for  
some hogs purchased, was dismissed  
in court, and the cost paid.

A divorce suit was filed this morn-  
ing by Donald E. Carpenter, against  
Pearl I. Carpenter, alleging cruel  
and inhuman treatment. The com-  
plaint states that they were married  
on July 31, 1915, and that one child,  
who is now three years old, was  
born to them. Carpenter says in  
the complaint that his wife is high  
tempered, frequently got mad at  
him, and became enraged and left  
his home, and refused to live with  
him.

Carpenter also alleges that she is  
not a fit person to have the custody  
of the child, and he asks the court  
to allow him the custody. He lives  
at 1038 North Perkins street, and is  
a machinist by trade, according to  
the complaint.

## STATE TAX LEVY IS FIXED AT 18 CENTS

Indianapolis, Ind., Oct. 13.—The  
state tax levy for 1920 was fixed at  
18 cents on each \$100 worth of  
taxable property by the state tax  
board today. The rate last year  
was 35.1 cents.

The levy for highway construction  
under the highway commission law  
was fixed at 3.9, the board stated  
today.

Other divisions of the levy are as  
follows: general, 2 cents; schools,  
5.2 cents; benevolent institutions,  
3.9 cents; educational, 2.8; voca-  
tional education, 2/10 of a cent.

### KILLED IN COLLISION

Washington, Oct. 13.—One man  
was killed and eighteen injured to-  
day when a street car collided with  
a motor truck near here.

## BIG DELEGATION FROM HERE

K. of C. Joint Initiation and Ban-  
quet Held at Anderson Sunday.

A large delegation from Rushville  
attended the joint initiation and ban-  
quet of the Knights of Columbus  
in Anderson Sunday. A class of ap-  
proximately one hundred candidates  
was given the second and third de-  
grees. John Keating and son John,  
Lester Caron, and the Rev. Father  
Schaub, of this city were in the  
class. The banquet was served in  
the evening and was enjoyed by sev-  
eral hundred people. Music was  
provided and a large toast list sup-  
plied an evening of splendid speech-  
es. Most of the Rushville delegation  
motored to Anderson, but a few  
went by rail Saturday evening.

## HEAVIEST FROST OF THE FALL IS VISIBLE

Fails to Damage Late Garden Vege-  
tables or Fruit Though Tempera-  
ture Was 42 Above

### DROP 50 YEARS AGO RECALLED

The heaviest frost of the fall was  
visible this morning to even persons  
who arose late, but it did not cause  
any damage, in the opinion of many  
who inspected their late garden  
crops today. The corn and most of  
the fruit is said to be out of danger  
from frost, although unusually cold  
weather might injure some of the  
fruit and a few vegetables. The tem-  
perature was down to 42 degrees  
above this morning and yesterday  
morning was 45.

Fifty years ago Saturday night,  
according to old timers, a cold wave  
hit this section of the state, ruining  
the largest apple crop in years and  
resulting in the suspension of all  
out-door work. The weather, ac-  
cording to some of the older resi-  
dents, who recalled the day, was sim-  
ilar to that of the past week and  
also similar to the fall of thirteen  
years ago. It was a wonderful fall,  
according to these people, and the  
sudden drop in temperature came  
unawares.

Late in the afternoon the tempera-  
ture began to drop, following a  
rain and that night the temperature  
went several degrees below freezing.  
The farmers were engaged in gath-  
ering the biggest apple crop in many  
years, and the next morning the ap-  
ples remaining on the trees were  
found frozen. There was not an  
apple picked after that date in the  
fall of 1869. Considerable work was  
underway here and winter got its  
start on October 11, because no  
more outside work could be per-  
formed until the following spring.

## MRS. OMER G. GARTIN DIES EARLY SUNDAY

Expires From Cerebral Hemorrhage  
Following an Attack Saturday  
Night at Age of 49 Years

### FUNERAL TUESDAY AT 2 P. M.

Mrs. Omer G. Gartin died early  
Sunday morning at her home, 938  
North Harrison, death being caused  
by cerebral hemorrhage. Mrs. Gar-  
tin had been in poor health for some  
time, but her death was preceded  
only by a brief attack having be-  
come seriously ill the night before.  
She was 49 years of age.

Besides a husband, she is sur-  
vived by two sons, Lowell and Ray,  
and a half sister, Mrs. Will Winslip  
of this city. The funeral services  
will be conducted at the Gartin re-  
sidence in North Harrison street at  
two o'clock Tuesday afternoon, and  
burial will take place in East Hill  
cemetery. The Rev. L. E. Brown will  
be in charge of the services.

## MEETING PART OF LOCAL CAMPAIGN

Speaker Will be Provided by State  
Headquarters of Roosevelt Mem-  
orial Association.

### PLACE AND DATE UNSETTLED

Every Public Agency Will be  
Brought into Use, Including the  
Churches and Schools.

There will be one big meeting in  
Rushville in connection with the  
Roosevelt Memorial campaign, Oc-  
tober 19 to 27, it was announced to-  
day by Earl H. Payne, county  
chairman, who was advised by state  
headquarters today that a meeting  
should be held and that a speaker  
would be provided, with no expense  
attached.

It is probable that by tomorrow  
the date for the meeting will be  
fixed and the speaker will be known.  
No arrangements have been made,  
but it is very likely that the gather-  
ing will be held in the Graham An-  
nex auditorium.

Every public agency will be  
brought into use in the campaign.  
The ministers have been called on  
to devote a part of their services on  
the opening day of the special week  
to call attention to the campaign.  
School children also will be asked to  
do their share towards commemorat-  
ing the life and deeds of Roose-  
velt, who best typified the ideals of  
America.

The campaign will have a special  
significance to every school child in  
the state. By resolution the Indiana  
State Board of Education has set  
aside Friday, October 24, as Ameri-  
canization Day. On the afternoon of  
this school day it is expected that  
every public, private and parochial  
school in the state will observe the  
occasion with a special, appropriate  
program. Contributions to the mem-  
orial fund will be received by the  
teachers, on authorization of the  
state board, and every pupil con-  
tributing will earn the distinction of  
having his or her name enrolled and  
placed in the cornerstone of the  
Roosevelt Memorial at Washington,  
D. C.

E. U. Graff, superintendent of  
the Indianapolis public schools, is  
chairman of the committee that has  
charge of the preparation of the  
special program which will be sug-  
gested to the teachers of the State.  
Patriotic songs and recitations and  
eulogies of the former president,  
whose ideals of Americanism will  
be emphasized, will be included in

## Rushville "The Great Unwashed" With Water off Saturday Night

Fire Plug is Broken and "Saturday  
Nighters" Had to Postpone  
Event For a Week

### SECOND TIME IN A MONTH

"It has been my custom for sev-  
eral years to take a bath on Satur-  
day night, and I wish you would  
turn on the water at least for a few  
minutes," said a North Harrison  
street man to A. T. Mahin, superin-  
tendent of the city water and light  
plant, over the telephone Saturday  
night.

That was only a few minutes after  
a light motor truck had hit a  
fire plug in front of the telephone  
building, making it necessary to shut  
off the water all over Rushville un-  
til temporary repairs could be made.

Thus it was that Rushville became  
the "City of the Great Unwashed"  
Saturday Night. All "Saturday  
nighters" were compelled to forego  
the usual weekly task and it is said

## MAYNARD TO MAKE THE RETURN TRIP

"Sky Pilot" First to Complete First  
Leg of Trans-Continental Air  
Derby, Starts Tomorrow

### URGED BY WIFE TO ABANDON IT

Capt. Smith, Fourth to Fly Across  
United States, Makes Better  
Time Than Maynard

(By United Press)

San Francisco, Cal., Oct. 13.—  
Lieut. Maynard, the "sky pilot" first  
to complete the first leg of the  
trans-continental air derby, was  
urged today by Mrs. Maynard to  
abandon the race back to Mineola.  
Maynard, however, will start for  
Mineola tomorrow evening, if his  
plans do not miscarry.

Col. Miller, in charge of the flying  
fields at Mineola, wired congratula-  
tions from all there. "We are glad  
again that you have distinguished  
yourself and demonstrated the fine  
qualities which we knew you to  
have," he said.

New York, Oct. 13.—Captain  
Smith, the fourth aviator to com-  
plete the trans-continental flight,  
reached Roosevelt field from San  
Francisco at 10:30 today. Smith's  
flying time was given out unofficially  
as 24 1/2 hours, nearly one-half hour  
faster than Lieut. Maynard, the  
first to complete the trans-continen-  
tal race.

Smith immediately registered a  
complaint to Col. Miller, alleging  
that he was held up four and one-  
half hours near Chicago for no  
other reason than to wait until Ma-  
jor Spatz and Lieut. Kiel, who left  
Mineola Saturday evening, would  
come up with him.

Mineola, N. Y., Oct. 13.—Refresh-  
ed by an enforced over-Sunday rest,  
forty of the sixty-two original start-  
ers in the army air service transcon-  
tinental race lined up early today at  
controls all the way from Mineola  
to San Francisco to take up the  
trail completed Saturday by Lieut-  
enant Belvin W. Maynard, Major  
Carl Spatz and Lieutenant E. C.  
Kiel the three race leaders.

Four flyers who entered at San  
Francisco started today with good  
prospects of reaching Mineola by  
night, while five of the west-bound  
flyers were within a day's flight,  
barring accidents at San Francisco.

War department orders holding  
flyers who had completed the first  
leg of the reliability race at their  
terminals until October 20, were re-

## RUNS INTO STANDING TRUCK

William Lewark and Other Occu-  
pants of Car Escape Unhurt

A Ford touring car driven by Wil-  
liam Lewark, 515 North Sexton  
street, was badly damaged late yester-  
day afternoon, when it ran into a  
heavy truck, owned by Moon's of  
Connersville, and the occupants of  
the touring car escaped with only  
slight cuts and injuries. Lewark was  
driving west on the Connersville road  
near this city, and was blinded by  
the sun, when he hit the truck which  
was standing still at a road inter-  
section. The truck was not dam-  
aged. The touring car received a  
badly damaged front, and as it was  
not traveling fast, the occupants  
were not seriously injured.

## MISPLACES \$1,000 LIBERTY LOAN BOND

G. V. Conway Leaves Security on  
Desk at Farmers Trust Co.  
After Making Last Payment

### TO PAY REWARD FOR RETURN

G. V. Conway, 526 North Main  
street, misplaced a Victory Loan  
Bond Saturday afternoon, after he  
had just completed his last pay-  
ment. Mr. Conway was in the Far-  
mers Trust company, and after be-  
ing handed the Victory bond  
which was for a thousand dollars,  
stepped to the writing counter, and  
laid it down with other papers. He  
missed the bond after the bank had  
closed, and a search in the bank did  
not locate it.

The bond is registered and is  
worthless to anyone but Mr. Con-  
way. It is the opinion that it was  
picked up by mistake in the bank by  
someone who followed Mr. Conway  
to the writing desk, and the finder  
would confer a great favor on Mr.  
Conway by returning it. Because of  
it being a registered bond and of no  
value to anyone except Mr. Conway,  
it is likely that the finder will re-  
turn it to the owner, who will pay  
a reward for their trouble. The  
bond was number I 211556, of the  
Fifth issue.

## DELAY DELIBERATE ON GERMANY'S PART

Allies Charge That Their Forces Are  
Not Being Withdrawn From  
Baltic Region

### ANOTHER NOTE DISPATCHED

Paris, Oct. 13.—Charges that the  
German government has delayed de-  
liberately the withdrawal of General  
Von Der Goltz's forces from the  
Baltic region, are stated in the most  
recent note to Berlin from the allies  
and associated powers.

The note declared that until Ger-  
many has undertaken the evacuation  
the allies will maintain the coercive  
measure announced in the note of  
September 27 when they threatened  
the return of the blockade.

The allies pointed out that the situ-  
ation has become more critical and  
declared the Germans will be held  
responsible.

An allied commission appointed  
to superintend the withdrawal  
and the measures provided for in the  
ultimatum will not be cancelled until  
that commission informs the su-  
preme council that the evacuation  
has become normal.

The allies inquire why Von Der  
Goltz has not been punished if it is  
true that he is guilty of insubordin-  
ation.

ianapolis was the guest of home  
folks Sunday and Monday.

## SAFETY CAMPAIGN ON ALL RAILROADS

National Accident Prevention Drive  
Will be Conducted on Those  
Under Federal Control

### OCTOBER 18 TO 31 INCLUSIVE

Plan Involves Intensified Effort to  
Prevent All Accidents Dur-  
ing The Period

The "National Railroad Accident  
Prevention Drive" will be conduct-  
ed by all railroads under federal  
control from October 18 to 31, in-  
stead of the Pennsylvania alone, ac-  
cording to information just received  
here. It was at first thought that  
the special campaign was to be  
staged by the Pennsylvania railroad  
alone, as it sent a special train  
through here last week, instructing  
all employees regarding safety de-  
vices. The special effort is in charge  
of the safety section of the United  
States railroad administration,  
which recognizes that many acci-  
dents are avoidable and that most  
of them can be prevented by the ex-  
ercise of greater care on the part  
of all concerned.

The plan involves an intensified  
effort to prevent all accidents dur-  
ing the period of the drive, by pub-  
licity meetings, and the definite in-  
struction and education of all em-  
ployees to the end that they will un-  
derstand that "Safety is the most  
important consideration in the oper-  
ation of railroads.

It is the purpose of the railroad  
administration to demonstrate, in  
this manner, that most accidents  
are avoidable and unnecessary; and  
to definitely impress everyone with  
the fact that the record can and  
must be materially improved.

On all railroads under federal  
control, there are today some 1200  
safety committees, composed of ap-  
proximately 25,000 officers and em-  
ployees, the latter predominating, who  
meet every thirty days to discuss  
ways and means of preventing rail-  
road accidents. Of this number, 65  
committees with a membership of  
1065 officers and employees, are local  
to the Pennsylvania Lines west, and  
the impending campaign centers  
about these committees, all of which  
are taking an active interest in the  
preparations being made.

The people in charge of this cam-  
paign believe that if not only the  
employees, but the public generally  
can be properly interested in this  
plan, a very successful record will  
be made in the work of conserving  
lives and limbs, not only of rail-  
road employees, but also of passen-  
gers and other persons who have  
contact with railroad operation.

During the same period in 1918, 8  
employees were killed and 241 in-  
jured on the Pennsylvania Lines  
west, and it is hoped that through  
the earnest and active co-operation  
and assistance of everyone con-  
cerned, accidents to employees dur-  
ing the campaign will be entirely  
avoided. It is also thought that by  
specializing during this period in the  
prevention of accidents to employees,  
the subject of safety will be so  
forcefully brought to the attention  
of the entire community, that a  
marked improvement will be noted in  
the avoidance of accidents to all  
classes of persons.

The safety bureau of the Pennsylv-  
ania Lines west is endeavoring to  
impress upon all its employees, that  
it is better to cause a delay than to  
cause an accident; that it is better  
to be careful a thousand times than  
to be crippled once and to make the  
men understand that their lives and  
their limbs are their most precious  
possessions, and at the same time  
the greatest asset they and their  
employers have.

The "National Railroad Accident  
Prevention Drive" is being brought

# What Is Big Business?

**B**USINESS, be it big or little, is production and distribution of commodities and service.

The size of a business is measured by the service it renders the public, and regardless of the capital invested, it never can become Big Business unless its output of useful service is great.

The Standard Oil Company (Indiana) is classified with big business, and it deserves to be, for from the day of its organization the goal toward which every effort has been directed has been to render a useful service to the public at large.

Originally the purpose of the Company was to manufacture and sell an illuminating oil of superior quality, but as the years have passed the Company has been able to take a wide range of other useful products from crude petroleum, and has made them available to mankind.

Today the Standard Oil Company (Indiana) is big because its job is big, and as the job expands so must this organization if it is to keep pace with the insistent and ever-increasing demands of a discriminating public, and thereby discharge completely its obligation as a public servant.

## SUGGESTS DEPORTING TO END LABOR TROUBLE

Washington, Oct. 13.—Deportation of immigrants after five years residence in United States unless they have learned to speak and write English, was considered by the senate labor committee today following investigation of the steel strike. Chairman Kenyon announced on his return from Pittsburgh.

Senators on the investigation committee declare Americanization of foreign born persons must be undertaken at once if grave industrial trouble is to be averted.

Senator Walsh proposed to the labor committee that a bill be drafted providing for deportation of foreigners who have not learned English at the end of five years.

Walsh referred to the testimony of one witness who declared that only 300 Americans were in one steel town of 23,000. Chairman Kenyon said the committee may later go to Youngstown and possibly to Gary if time could be found.

## WILSON'S CONDITION SAME

Washington, Oct. 13.—The statement of President Wilson's physician issued at 12:20 today, said his condition is the same.

Grayson said informally the president continued to improve slowly. He stated that in a pinch the president would be able to sign measures or to act. "I do not wish to abandon the rest cure and will resist every effort against his resuming his duties now," Dr. Grayson stated. The physician stated again that should any alarming symptoms arise, the public would be informed.

## TWELVE FARMERS ON JURY

Shelbyville, Ind., Oct. 13.—Twelve farmers will decide whether George Kessler is guilty of the murder of Minnie Wilkins, the gasoline station girl, in Indianapolis on the night of May 28.

The state demands that Kessler be given the death penalty through electrocution if found guilty.

## ENTER PLEAS OF NOT GUILTY

Richmond, Ind., Oct. 13.—Nineteen men who were indicted by the Wayne county grand jury for rioting in connection with the strike of the moulders union, entered pleas of not guilty when arraigned in the circuit court today.

The rioting started when thirteen strike breaking moulders went to work in the Malleable foundry.

## ALL DAY MEETING HELD

The Fairview Christian church held an all day meeting yesterday with a basket dinner at noon. The regular morning services were conducted and in the afternoon the Rev. J. E. Brown, of this city gave the address. The meeting was the beginning of a series of meetings to be held each night for two weeks. A woman singer from Richmond will help in the services.

# Nash Trucks

*Experienced Buyers Recognize Unusual Values of Nash Trucks*

Careful investigation of the Nash truck line convinces the experienced buyer of the high value of any truck bearing the Nash name plate.

This is illustrated again by the fact that after an extensive experience with motor truck transportation of various types, the U. S. Marine Corps selected the Nash Quad as standard equipment for expeditionary service. This is the reason Nash trucks are hauling the loads of many big commercial concerns which operate fleets of trucks in many cities.

This preference for Nash trucks is based on sound business judgment. For they have behind them, assuring their continued good performance, the standing and permanency in the industry of the Nash institution with its nation-wide sales and service organizations of distributors and dealers.

Nash Trucks—One-Ton Chassis, \$1650; Two-Ton Chassis, \$2250; Nash Quad Chassis, \$3250.

## Reforming Government Finances

The movement to reform government finances has received more impetus by the special committee of the house of representatives which has completed the draft of a budget bill and has submitted it to the house. At the same time but independent of the budget measure, Representative Good, chairman of the appropriations committee, who offered the bill in the house, has proposed a new rule in the house whereby the appropriations committee would be enlarged to thirty-five members and would have jurisdiction over appropriation measures. As thus enlarged it would be the budget committee and would consider the annual budget.

While this centralization of the jurisdiction over appropriations is not entirely essential to make the budget system a success, Mr. Good as well as many other members are convinced it will be to the public advantage. It is obvious that no such sweeping change can be accomplished without some controversy. A number of the democratic leaders including Claude Kitchin, former chairman of the ways and means committee, are fighting it.

Mr. Good predicts early action by the house on the budget bill. The measure as it stands is based on the Good bill and differs from it chiefly in detail. The idea of the bill is executive responsibility for the budget and at the same time Congressional liberty of action with reference to lowering or raising the budget. Mr. Good predicts that if the budget system is adopted substantial economy will be the result.

Mr. Good said he did not wish to be charged with seeking to enlarge the appropriations committee in order to gratify any personal ambition. He added that if the rule were adopted to enlarge the appropriations committee in order to leave the house free to make up the enlarged committee as it seemed to be most wise.

## Amusements

### Enid Bennett at Princess

Enid Bennett is at the Princess today in "Stepping Out" which deals with the carelessness with which people enter upon the matrimonial sea. A Burton Holmes travel picture will also be shown.

Vivian Martin is the star in a new Paramount-Arterraft picture, "The Third Kiss," which comes to the Princess tomorrow. In this production she plays the role of a girl of the slums, who is in reality an heiress but who, to atone for a wrong done by her deceased uncle, lives among the working folks and aids in their relief, keeping her identity a secret from them and also from her co-workers.

She makes a great sacrifice when she marries a man she does not love to shield a young married man who has been devoting his life to settlement work, but who has fallen madly in love with his beautiful and innocent little helped. How this sacrifice proves, in the end, a blessing when she finds that she really loves the man she has married is delightfully shown.

### Serial Opens at Mystic

The serial, "The Midnight Man," in which James J. Corbett has the leading role, begins at the Mystic theater tonight. The first episode is entitled "Who Am I?" It unwinds the first thread of the plot, which deals with the plight of Bob Gilmore, athlete and young man of wealth, who discovers he is a foster son and starts out to learn his identity. To aid himself in his quest he has only a jade ring with three initials on it. He decides to enter the home of every citizen with the same initials, as a burglar, in order to unravel the secret of his birth.

An L-Ko comedy "Hearts in Hoek" and Universal current events, will also be shown tonight. On Tuesday Baby Marie Osborn comes in "Mildred of the Bean Stalk."

"Do you know where I could get a horse about like this?" he asked. Steve knew and told him—a farm three miles out. "That's a pretty long walk," said the man. "I'd hate to go that far and not get what I want. Are you sure they have a horse like this for sale?"

"I ought to be," snapped Steve, "as I traded him one for this off gelding day before yesterday."

## Couldn't Raise Hand to Head

Bloomington Man Is Back On Job Every Day Now—Gains Thirty-Three Pounds.

"Well, sir, I only weighed one hundred and twenty-nine pounds when I commenced taking Tanlac, and now I tip the scales at one hundred and sixty-two, which gives me a gain of thirty-three pounds, and I claim that any medicine that will help a man that much who has been suffering for twelve long years is worth talking about," said E. T. Augustus, who lives at Hill's Hotel, Bloomington, Ill., the other day.

"I spend most of my spare time telling folks about Tanlac," continued Mr. Augustus, "for it is the only medicine that has done me any good at all since I commenced to have rheumatism and stomach trouble a good many years ago. Nobody except myself will ever know how I suffered during all those years. Sometimes my legs would actually swell to almost twice their natural size, and the pain was so severe I could hardly stand it. My arms were in the same condition, and more than half the time I couldn't raise my hands to my head. Then my stomach went back on me, and everything I ate would disagree with me and cause me to suffer like blue blazes afterwards. Sometimes I would have such bad cramping pains I would have to call in a doctor before I could get any relief. As the years went by, my condition gradually got worse, and I finally had to give up my job as I was not able to do my work."

"I tell you, I was badly discouraged over my condition, and I hardly knew which way to turn, but one of my friends told me about Tanlac, and advised me to give it a trial. Well, I got a bottle of this medicine, and it's the honest truth, I was feeling like a different man by the time I had finished my first bottle. I saw then that I had found the right medicine and I just kept on taking Tanlac until it finally overcame my troubles completely, and now I am as well and strong as I ever was in my life. I never had such an appetite, and everything I eat agrees with me all right. The rheumatism has left me altogether, and I never have a sign of stomach trouble any more. I am back on the job every day in the week now, and just feel fine all the time. I sure believe in Tanlac, and as long as I live I will praise it for overcoming my troubles after everything else I tried had failed."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manilla by Geo. J. Inlow, and Arlington by Mrs. L. T. Davis.—(Adv.)

## NATIONAL LEADERS TO BE ON PROGRAM

New World Movement of U. P. Church to be Principal Topic at Second Synod Meeting

### LOCAL PEOPLE WILL ATTEND

A. C. Brown and the Rev. J. T. Aiken to Represent Church Here  
The Rev. C. S. Black to Speak

National leaders in the New World Movement will be the principal speakers at the sixty-second meeting of the second synod of the United Presbyterian church at Morning Sun, Ohio, on Tuesday, Wednesday and Thursday. Dr. J. Alvin Orr of Pittsburgh, Pa., national chairman of the movement, will tell of its place in the church in a speech at the opening session Tuesday evening. Dr. J. Knox Montgomery, who is temporarily leaving the presidency of Muskingum college to head the department of spiritual life, will speak on "The Supreme Need of Our Church." The Rev. Ernest B. McClellan of Belle Center, Ohio, the retiring moderator will open the program.

The First United Presbyterian church here will be represented by the pastor, the Rev. J. T. Aiken, and A. C. Brown, and the congregations at Milroy and Mays likewise will send delegates.

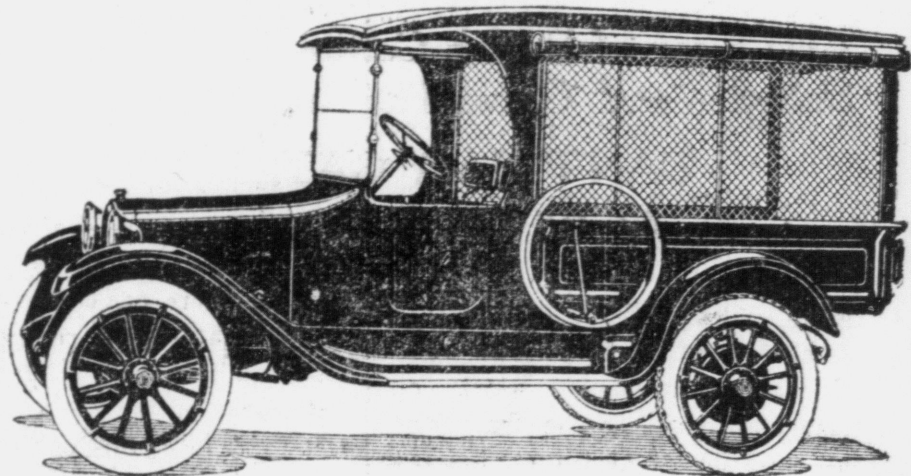

More detailed information on the scope and plan of the New World Movement will be given in the addresses scheduled for Wednesday. Dr. Orr will tell of the program and plan for execution and Dr. Montgomery will tell of the spiritual objectives and how it is proposed to reach them.

Dr. D. D. Dodds of Xenia, Ohio, synodical chairman for the movement, will explain the system of team work in the presbyteries and congregations which will be built up by the New World organization and an open discussion on the movement will be led by Dr. Orr. The Rev. Clyde S. Black of the Methodist Episcopal church of this city will tell how the Methodist Centenary campaign, similar in objectives and operation to the New World Movement, was carried on successfully.

Recruiting the ministry is the topic of our addresses to be given Wednesday evening with the Rev. Mr. McClellan presiding. The Rev. D. L. McBride of Dayton, O.; the Rev. G. L. Brown of Bellefontaine, O.; Dr. J. Kelly Giffen of Knoxville, Tenn. and the Rev. W. E. McClure of Columbus, O. will speak.

### WEATHER FOR THE WEEK

Washington, Oct. 13.—Unsettled and cool weather, with frosts and occasional rains, in the Ohio valley, is indicated for the week, according to the department of agriculture bureau.

## TENNIS LOOMS UP AS A REAL SPORT

Once Thought to be a Game for "Bloomers" But Now it is Entirely Different

### TOURNEY AT FOREST HILLS

Cities Now Fight For Next Annual Meeting as in Former Days Only Few Were Contenders

(By United Press.)

New York, Oct. 13.—National tennis championship matches used to be considered somewhat as "one of those things that have to be." To the ordinary sport clientele, they were "bloomers." Promoters of matches had to scout around for a stage where they thought the event might be an attraction.

Now it's different. Cities are fighting for the privilege of entertaining the champion racquet wielders. Philadelphia, Pittsburg and several other prominent central and western towns want the 1920 matches.

The 1919 championship tournament at Forest Hills, L. I., was the best in the history of that sport which is only lately taking its real place with lovers of action. Ten thousand spectators at a tennis match would have provoked the old timers to laughter but the West Side Tennis Club set that mark. One of the most convincing arguments of the hold which tennis is getting on the nation was evidenced by the large percentage of the "common people" among the spectators.

The record attendance at all the matches may have been caused by the wave of popularity which has swept all sports to the front since the cessation of hostilities. But it is

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 461 S. 20th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am also free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

## SALVATION ARMY ON GOOD WILL MISSION

Headquarters are Reopened Fully in Berlin and Task of Establishing Branches is Begun

### TO CALM SPIRITS AND LIVES

(By United Press.)

Berlin, (By Mail.)—The Salvation Army—that institution which many an American doughboy will remember kindly through the years—has started a campaign based on Central Europe's looking toward creation with more of the spirit of "peace on earth, good will to men".

Headquarters of the organization, maintained here during the war, but unable to operate extensively because of its allied connections, has reopened fully and has begun the task of establishing branches in Prague, Vienna, Budapest, and throughout the Balkans.

Col. Treite, in charge of the local headquarters, declared it will be the aim of the central European campaign to offer solace to these troubled nations through calming their spirits and their lives. The army will work to wipe out hatreds engendered during the war, and to revive friendly intercourse, he said.

due more to the efforts of the West Side club to remove the false notion that tennis was a "high brow" game. As long as the championship matches were held at Newport and hailed as the society event of the year among the "blue bloods" the best element of the sporting public—the ones whose support makes all sport go, were denied the opportunity of seeing what a real virile sport tennis really is.

Removal of the stage from Newport to Forest Hills put the tournament within reach of the sport loving class and the success of the venture was proved from the start.

The West Side club wants the matches next year at Forest Hills but the club officials have declared a willingness to let some other city have it if the change will help the sport.

## TO ATTEND FALL CONGRESS

Capt. and Mrs. J. A. Tench Going to New York For Meeting Oct. 19

Captain and Mrs. J. A. Tench of this city will attend the national fall congress of the Salvation Army which will be held in New York City October 19 to 26, inclusive. Major Hunter will be in charge of the week-day meetings on Tuesday and Thursday, during their absence, and Envoy Gipson will have charge of the Sunday meetings.

The Army enjoyed large crowds at all of the meetings Sunday, and Capt. Tench reported that the Sunday school offering was the largest in the history of the Salvation Army work here. All branches of activity are prospering, he said. There were two conversions Sunday.

ings, by rallies, by personal talks, by bulletins and posters, etc. At the close of the drive a record will be published showing the standing of each railroad and each road is competing in this work with the object of attaining first place in this record.

Since the safety organization on the Pennsylvania Lines West was organized, 12 months ago, there has been 44 fewer employees killed and 2070 fewer injured than during the same period of the preceding year. This record demonstrates beyond question the possibilities of an organized and well directed effort such as that involved in the coming campaign.

It is hoped that not only the railroad men and women whose support of this plan is especially essential, but everyone who has contact with the railroads or railroad promises during the "National Railroad Accident Prevention Drive" will exercise the highest degree of care and caution to the end that railroad accidents will be eliminated, always bearing in mind that nothing in the world is so valuable economically, as human life and limb.

Hunt, Mrs. Ann Guffin, Mrs. Chestina Mauzy, Mrs. Lola M. Hold-en, Mr. and Mrs. Jake Parrish, Mrs. John Gray and Mr. and Mrs. Robert Whaley of Milroy. In the after-noon other relatives and friends called.

**ROBBERS GET MANY ARTICLES**  
Mrs. Howard Stamm, 522 West First street, whose home was entered last Thursday night, corrected the statement that nothing was taken by the burglars, as stated by the police. She says they escaped with a new suit of clothes, a pair of shoes, a hand bag, a box of cigars, a safety razor and many other articles which would fill a suit case.

## Those Who Buy Early Will Be Mighty Glad They Bought

The first nip of cold weather and Winter stocks will fade away in no time. In many lines we will probably be able to buy more, but the prices will make you dizzy. Al-most all of our prices are based on a market six months back. It will pay you to buy now.

### They are Buying Coats & Suits Every Day

"Oh, I can't wear those coats with big sleeves," was remarked by a young woman Saturday. She happened to wear a coat in size 42.

If she only knew that garments like the one pictured are just the kind that she can wear, she would have lost no time in getting into one of them.

That's one thing that has helped make ready-to-wear a success in this store—having coats and suits that are good looking for the large figure as well as for the small.

**If You Are Hard To Fit, Come To Us**

Whether it is a coat or a suit or a dress, even a house dress, we think we can handle your needs. To please you is our aim. To have you "look" is our first ambi-tion, and to have you buy and be satisfied is our ultimate object.

Simple Home Remedy Advised For Rose And Hay Fever

Anyone Can Make a Pint For Trifling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating—its intensity can be reduced to a harmless, mildness."

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and sniff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

FASCINATING TEETH

How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

### Where Can I Find Relief From Itching, Terrifying Eczema?

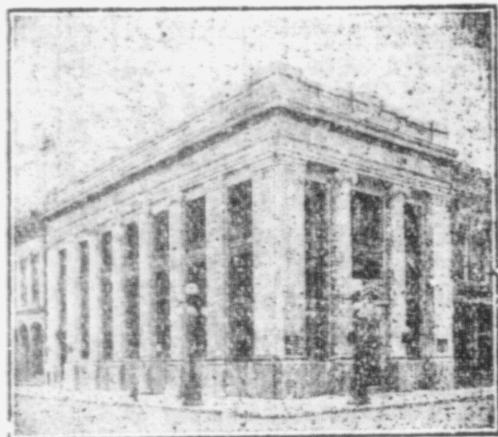

**Question on Lips of Afflicted.** There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.

Beautiful fresh flowers may be ordered here for delivery on a few hours' notice even in the most distant towns and cities. Our service extends all over the United States, Canada, Ireland and England.

If you have a sick friend to whom you wish to send flowers, or one who has just passed away and you wish a spray of flowers sent in token of your remembrance and esteem of them, it matters not how far the city may be, we can deliver them for you on time. The order will be wired, code form, to the leading florist, he in turn will fill same, using always the best flowers to be had, and will deliver promptly even though he has to drive with them to a neighboring town.

To begin with only the best florists are chosen as members of the F. T. D. (Florists Telegraph Delivery), and must pay a substantial entrance fee. This is used as collateral or guarantee that the flowers you order will be what you order and more than anything else, that you shall have value received.

This makes it safe for you to order what you wish, and there are times when this system comes in very good. Whenever you have occasion to use this system, call us up and we can more fully explain.

### CONVENTION MEETS TO DISCUSS PROFITEERING

National Poultry, Butter and Egg Association to Look Into Dealers Charging Unfair Prices

#### FREIGHT RATES DISCUSSED

Cleveland, Ohio, Oct. 13.—Chief among the aims of the National Poultry, Butter and Egg Association in convention here today, is the dissipation of charges of profiteering against dealers in dairy stuffs.

W. T. Seibels, Chicago, business manager of the association, characterized as "unjust" the inclusion of butter, egg and cheese dealers among profiteers in foodstuffs.

Among the endeavors of the association, said Seibels, is the "education and guidance of public opinion in all parts of the United States to the point of securing the adoption of legislation calculated to foster trade and safeguard consumers".

Dealers in general, attending the convention, said they would act in concert on a proposal to reduce freight rates and thus help bring about a reduction in prices.

#### PATRIOTIC SERVICE IS HELD

Orange Christian Church Honors Returned Soldiers Sunday

The Orange Christian church honored their returned soldier boys and the ones they lost in the service yesterday with an all day patriotic meeting. The Rev. W. C. Schrontz conducted the morning services, and Judge Raymond Springer of Connersville gave the principal address in the afternoon. During the day special music was furnished by Mrs. Howard Pyke, which was greatly appreciated by those present. The Rev. Talmadge Defrees of the Little Flat Rock Christian church delivered the special address in the evening. At noon a sumptuous basket dinner was served.

#### MEETING PART OF LOCAL CAMPAIGN

Continued from Page One

Among the plans of the Roosevelt Memorial Association, one that is expected to have a particular appeal is that of George Ade, chairman of the publicity committee, who proposed that all money subscribed in excess of the \$200,000, apportioned to the State, be used to establish an Indiana testimonial to Roosevelt. This proposal has been endorsed by the state executive committee and \$200,000 has been set as the goal to be reached in oversubscriptions, which will be devoted to the Indiana memorial.

## What other phonograph dares this test

DID you ask some one about the Edison Tone-Test recital given October 3, at the Main Street Christian Church? The startled audience heard Amy Ellerman's living voice flood the packed house. It then heard the New Edison\* match that voice, even unto its finest variation of shading and feeling. It heard the Fleming Sisters Trio repeat the experiment with their instrumental selections,—and again the New Edison matched every quality of harmonized violin, 'cello and piano. Any one who was present will tell you:

*The art of the living artist and its RE-CREATION by the New Edison can not be told apart.*

It is no idle phrase that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

\*The instrument used in this Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after expending Three Million Dollars in experiments.

### PREMIER SENDS MESSAGE TO BE READ

Lloyd George Unable to Attend the Opening of League of Nations Union Fall Campaign

#### MANY BODIES REPRESENTED

London, Oct. 13.—The League of Nations Union opened its fall campaign at the Mansion House today, but Premier Lloyd George was not able to be present. He was to make the principal address at the opening session. Instead he sent a message which was to be read.

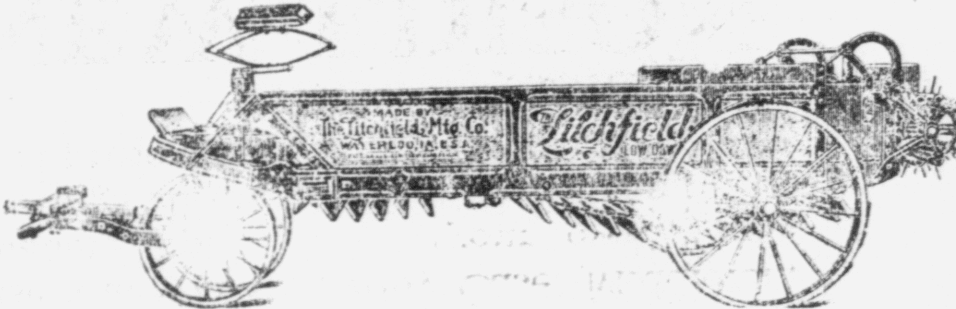

Lord Mayor Sir Horace Marshall presided, and in addition to Lloyd George, there was a distinguished gathering, including Lord Robert Cecil, the Archbishop of Canterbury, Viscount Bryce, U. S. Ambassador John W. Davis and a host of other notables, leaders of national thought, and representatives of all the principal industrial, commercial, social and religious bodies. Premier Venizelos of Greece was present.

The Union will wage vigorous war on behalf of the League of Nations throughout Great Britain during the fall and winter, and it emphasizes the need for every individual to co-operate in the movement, and thus aid in the establishment of peace on a permanent basis.

#### TAIL LIGHTS WIN GAME

The Rushville Tail Lights won from Homer on the West Third street grounds, Sunday 5 to 1, in a well-played game. The Tail Lights had only one error, and that was a thrown ball. McCarty went the whole route in good style for the Rushville team but Hungerford, pitching for the visitors, was knocked out of the box.

### PEOPLE ARE NOT ALIKE

Neither Are All Spreaders Alike.

Right now, at a time when the uncertainties following war conditions are being ELIMINATED, is the time to buy your manure spreader. NOW is the time, when it is almost a crime to waste and to not take advantage of every possible soil improvement.

The man who owns land and is giving real thought to this matter, knows that to put off buying a spreader is folly at this time. Delay means loss. If you are going to buy a manure spreader, remember there is more difference in these machines than there is in human beings. I do not claim that the Rushville Special Spreader is the only good spreader made, but it is so much better than the best of any other make that you can't afford to buy anything else.

That patented "BULL DOG" double acting beater wheel, can't be clogged—you can't stick it. Just think of this the next time you see a neighbor's pitch fork going with him to the field. Don't forget the "NO-CHOKE" box that can't be clogged, at least it has never yet been stuck with any kind of material.

There is a reason for using the expensive Litchfield hitch, and the Company knows what it is. It means a perfect equalization, and not a horse killer. The manufacturers would not put the extra expense into this, which is required, unless it had merit to justify.

Stop in and see the "Rushville Special" Spreader. You will like it.

## \$10,000 DAMAGE SUIT IS DELAYED

Case of Garrison vs Widau Post-  
poned Today Because of In-  
juries Sustained by Defendant

### MURT IN AN AUTO ACCIDENT

Ozzo Hoard Arrested on Charge of  
Wife Desertion—Donald Car-  
penter Seeks Divorce

A \$10,000 damage suit was sched-  
uled for today in circuit court, but  
because of injuries which the de-  
fendant received in an automobile  
accident a week ago, the case was  
postponed until a later date. The  
case was that of Garrison against  
Widau.

Charles Garrison is suing John A.  
Widau for damages on account of  
alleged injuries he received late in  
the fall of 1916, when his spring  
wagon was struck by an automobile  
driven by Mr. Widau, on the pike  
between Raleigh and Bentonville. On  
the wagon with Mr. Garrison was  
his daughter, Ona Lee Garrison, and  
each of them is asking damages to  
the extent of \$5,000.

The case was ready for trial to-  
day, but at a late hour last night  
Mr. Widau informed the court that  
he would be unable to attend, be-  
cause he was suffering injuries which  
he incurred on last Sunday, when he  
was in an automobile accident.

A \$1,500 damage suit from Han-  
cock county has been sent here, it  
being the case of Delana S. Wiggins  
against Howard C. Elliott, et al.

Ozzo Hoard was arrested last  
Saturday by Sheriff Jones on a  
charge of wife desertion. When ar-  
ranged before Judge Sparks, no  
plea was entered, and a bond of  
\$100 was placed against him, which  
was provided.

The suit on an account, demand-  
ing \$300, which was recently filed  
by Miller, Wellman and Huffman, a  
firm doing business in Rush county  
as live stock breeders and sellers,  
against Blanche Hitt, et al., to col-  
lect on an account, which was for  
some hogs purchased, was dismissed  
in court, and the cost paid.

A divorce suit was filed this morn-  
ing by Donald E. Carpenter, against  
Pearl I. Carpenter, alleging cruel  
and inhuman treatment. The com-  
plaint states that they were married  
on July 31, 1915, and that one child,  
who is now three years old, was  
born to them. Carpenter says in  
the complaint that his wife is high  
tempered, frequently got mad at  
him, and became enraged and left  
his home, and refused to live with  
him.

Carpenter also alleges that she is  
not a fit person to have the custody  
of the child, and he asks the court  
to allow him the custody. He lives  
at 1038 North Perkins street, and is  
a machinist by trade, according to  
the complaint.

## STATE TAX LEVY IS FIXED AT 18 CENTS

Indianapolis, Ind., Oct. 13.—The  
state tax levy for 1920 was fixed at  
18 cents on each \$100 worth of  
taxable property by the state tax  
board today. The rate last year  
was 35.1 cents.

The levy for highway construction  
under the highway commission law  
was fixed at 3.9, the board stated  
today.

Other divisions of the levy are as  
follows: general, 2 cents; schools,  
5.2 cents; benevolent institutions,  
3.9 cents; educational, 2.8; voca-  
tional education, 2/10 of a cent.

A large delegation from Rushville  
attended the joint initiation and ban-  
quet of the Knights of Columbus

proximately one hundred candidates  
was given the second and third de-  
grees. John Keating and son John,  
Lester Caron, and the Rev. Father  
Schaub, of this city were in the  
class. The banquet was served in  
the evening and was enjoyed by sev-  
eral hundred people. Music was  
provided and a large toast list sup-  
plied an evening of splendid speech-  
es. Most of the Rushville delegation  
motored to Anderson, but a few  
went by rail Saturday evening.

## HEAVIEST FROST OF THE FALL IS VISIBLE

Falls to Damage Late Garden Vege-  
tables or Fruit Though Tempera-  
ture Was 42 Above

### DROP 50 YEARS AGO RECALLED

The heaviest frost of the fall was  
visible this morning to even persons  
who arose late, but it did not cause  
any damage, in the opinion of many  
who inspected their late garden  
crops today. The corn and most of  
the fruit is said to be out of danger  
from frost, although unusually cold  
weather might injure some of the  
fruit and a few vegetables. The tem-  
perature was down to 42 degrees  
above this morning and yesterday  
morning was 45.

Fifty years ago Saturday night,  
according to old timers, a cold wave  
hit this section of the state, ruining  
the largest apple crop in years and  
resulting in the suspension of all  
out-door work. The weather, ac-  
cording to some of the older resi-  
dents, who recalled the day, was sim-  
ilar to that of the past week and  
also similar to the fall of thirteen  
years ago. It was a wonderful fall,  
according to these people, and the  
sudden drop in temperature came  
unawares.

Late in the afternoon the tempera-  
ture began to drop, following a  
rain and that night the temperature  
went several degrees below freezing.  
The farmers were engaged in gath-  
ering the biggest apple crop in many  
years, and the next morning the ap-  
ples remaining on the trees were  
found frozen. There was not an  
apple picked after that date in the  
fall of 1869. Considerable work was  
underway here and winter got its  
start on October 11, because, no  
more outside work could be per-  
formed until the following spring.

## MRS. OMER G. GARTIN DIES EARLY SUNDAY

Expires From Cerebral Hemorrhage  
Following an Attack Saturday  
Night at Age of 49 Years.

### FUNERAL TUESDAY AT 2 P. M.

Mrs. Omer G. Gartin died early  
Sunday morning at her home, 938  
North Harrison, death being caused  
by cerebral hemorrhage. Mrs. Gar-  
tin had been in poor health for some  
time, but her death was preceded  
only by a brief attack having be-  
come seriously ill the night before.  
She was 49 years of age.

Besides a husband, she is sur-  
vived by two sons, Lowell and Ray,  
and a half sister, Mrs. Will Winsip  
of this city. The funeral services  
will be conducted at the Gartin re-  
sidence in North Harrison street at  
two o'clock Tuesday afternoon, and  
burial will take place in East Hill  
cemetery. The Rev. L. E. Brown will  
be in charge of the services.

## MEETING PART OF LOCAL CAMPAIGN

Speaker Will be Provided by State  
Headquarters of Roosevelt Mem-  
orial Association.

### PLACE AND DATE UNSETTLED

Every Public Agency Will be  
Brought into Use, Including the  
Churches and Schools.

There will be one big meeting in  
Rushville in connection with the  
Roosevelt Memorial campaign, Oc-  
tober 19 to 27, it was announced to-  
day by Earl H. Payne, county  
chairman, who was advised by state  
headquarters today that a meeting  
should be held and that a speaker  
would be provided, with no expense  
attached.

It is probable that by tomorrow  
the date for the meeting will be  
fixed and the speaker will be known.  
No arrangements have been made,  
but it is very likely that the gather-  
ing will be held in the Graham An-  
nex auditorium.

Every public agency will be  
brought into use in the campaign.  
The ministers have been called on  
to devote a part of their services on  
the opening day of the special week  
to call attention to the campaign.  
School children also will be asked to  
do their share towards commemorat-  
ing the life and deeds of Roose-  
velt, who best typified the ideals of  
America.

The campaign will have a special  
significance to every school child in  
the state. By resolution the Indiana  
State Board of Education has set  
aside Friday, October 24, as Ameri-  
canization day. On the afternoon of  
this school day it is expected that  
every public, private and parochial  
school in the state will observe the  
occasion with a special, appropriate  
program. Contributions to the mem-  
orial fund will be received by the  
teachers, on authorization of the  
state board, and every pupil con-  
tributing will earn the distinction of  
having his or her name enrolled and  
placed in the cornerstone of the  
Roosevelt Memorial at Washington,  
D. C.

E. U. Graff, superintendent of  
the Indianapolis public schools, is  
chairman of the committee that has  
charge of the preparation of the  
special program which will be sug-  
gested to the teachers of the State.  
Patriotic songs and recitations and  
eulogies of the former president,  
whose ideals of Americanism will  
be emphasized, will be included in  
the program.

## Rushville "The Great Unwashed" With Water off Saturday Night

Fire Plug Is Broken and "Saturday  
Nighters" Had to Postpone  
Event For a Week

### SECOND TIME IN A MONTH

"It has been my custom for sev-  
eral years to take a bath on Satur-  
day night, and I wish you would  
turn on the water at least for a few  
minutes," said a North Harrison  
street man to A. T. Mahin, superin-  
tendent of the city water and light  
plant, over the telephone Saturday  
night.

That was only a few minutes after  
a light motor truck had hit a  
fire plug in front of the telephone  
building, making it necessary to shut  
off the water all over Rushville un-  
til temporary repairs could be made.  
Thus it was that Rushville became  
the "City of the Great Unwashed"  
Saturday Night. All "Saturday  
nighters" were compelled to forego  
the usual weekly task and it is said

## MAYNARD TO MAKE THE RETURN TRIP

"Sky Pilot" First to Complete First  
Leg of Trans-Continental Air  
Derby, Starts Tomorrow

### URGED BY WIFE TO ABANDON IT

Capt. Smith, Fourth to Fly Across  
United States, Makes Better  
Time Than Maynard

(By United Press.)  
San Francisco, Cal., Oct. 13.—  
Lieut. Maynard, the "sky pilot" first  
to complete the first leg of the  
trans-continental air derby, was  
urged today by Mrs. Maynard to  
abandon the race back to Mineola.  
Maynard, however, will start for  
Mineola tomorrow evening, if his  
plans do not miscarry.

Col. Miller, in charge of the flying  
fields at Mineola, wired congratula-  
tions from all there. "We are glad  
again that you have distinguished  
yourself and demonstrated the fine  
qualities which we knew you to  
have," he said.

New York, Oct. 13.—Captain  
Smith, the fourth aviator to com-  
plete the trans-continental flight,  
reached Roosevelt field from San  
Francisco at 10:30 today. Smith's  
flying time was given out unofficially  
as 24 1/2 hours, nearly one-half hour  
faster than Lieut. Maynard, the  
first to complete the trans-continen-  
tal race.

Smith immediately registered a  
complaint to Col. Miller, alleging  
that he was held up four and one-  
half hours near Chicago for no  
other reason than to wait until Ma-  
jor Spatz and Lieut. Kiel, who left  
Mineola Saturday evening, would  
come up with him.

Mineola, N. Y., Oct. 13.—Refresh-  
ed by an enforced over-Sunday rest,  
forty of the sixty-two original start-  
ers in the army air service transcon-  
tinental race lined up early today at  
controls all the way from Mineola  
to San Francisco to take up the  
trail completed Saturday by Lieut-  
enant Belvin W. Maynard, Major  
Carl Spatz and Lieutenant E. C.  
Kiel the three race leaders.

Four flyers who entered at San  
Francisco started today with good  
prospects of reaching Mineola by  
night, while five of the west-bound  
flyers were within a day's flight,  
barring accidents of San Francisco.

War department orders holding  
flyers who had completed the first  
leg of the reliability race at their  
terminals until October 20, were re-  
continued on Page Two

## RUNS INTO STANDING TRUCK

William Lewark and Other Occu-  
pants of Car Escape Unhurt

A Ford touring car driven by Wil-  
liam Lewark, 515 North Sexton  
street, was badly damaged late yes-  
terday afternoon, when it ran into a  
heavy truck, owned by Moon's of  
Connersville, and the occupants of  
the touring car escaped with only  
slight cuts and injuries. Lewark was  
driving west on the Connersville road  
near this city, and was blinded by  
the sun, when he hit the truck which  
was standing still at a road inter-  
section. The truck was not dam-  
aged. The touring car received a  
badly damaged front, and as it was  
not traveling fast, the occupants  
were not seriously injured.

## MISPLACES \$1,000 LIBERTY LOAN BOND

G. V. Conway Leaves Security on  
Desk at Farmers Trust Co.  
After Making Last Payment

### TO PAY REWARD FOR RETURN

G. V. Conway, 526 North Main  
street, misplaced a Victory Loan  
Bond Saturday afternoon, after he  
had just completed his last pay-  
ment. Mr. Conway was in the Far-  
mers Trust company, and after he-  
ing handed the Victory bond  
which was for a thousand dollars,  
stepped to the writing counter, and  
laid it down with other papers. He  
missed the bond after the bank had  
closed, and a search in the bank did  
not locate it.

The bond is registered and is  
worthless to anyone but Mr. Con-  
way. It is the opinion that it was  
picked up by mistake in the bank by  
someone who followed Mr. Conway  
to the writing desk, and the finder  
would confer a great favor on Mr.  
Conway by returning it. Because of  
it being a registered bond and of no  
value to anyone except Mr. Conway,  
it is likely that the finder will re-  
turn it to the owner, who will pay  
a reward for their trouble. The  
bond was number I 211556, of the  
Fifth issue.

## DELAY DELIBERATE ON GERMANY'S PART

Allies Charge That Their Forces Are  
Not Being Withdrawn From  
Baltic Region

### ANOTHER NOTE DISPATCHED

Paris, Oct. 13.—Charges that the  
German government has delayed de-  
liberately the withdrawal of General  
Von Der Goltz's forces from the  
Baltic region, are stated in the most  
recent note to Berlin from the allies  
and associated powers.

The note declared that until Ger-  
many has undertaken the evacuation  
the allies will maintain the coercive  
measure announced in the note of  
September 27 when they threatened  
the return of the blockade.

The allies pointed out that the sit-  
uation has become more critical and  
declared the Germans will be held  
responsible.

An allied commission appointed  
to superintend the withdrawal  
and the measures provided for in the  
ultimatum will not be cancelled until  
that commission informs the su-  
preme council that the evacuation  
has become normal.

The allies inquire why Von Der  
Goltz has not been punished if it is  
true that he is guilty of insubordin-  
ation.

Raymond Vredenburg, of Ind-  
ianapolis, was the guest of home  
folks Sunday and Monday.

## SAFETY CAMPAIGN ON ALL RAILROADS

National Accident Prevention Drive  
Will be Conducted on Those  
Under Federal Control

### OCTOBER 18 TO 31 INCLUSIVE

Plan Involves Intensified Effort to  
Prevent All Accidents Dur-  
ing The Period

The "National Railroad Accident  
Prevention Drive" will be conduct-  
ed by all railroads under federal  
control from October 18 to 31, in-  
stead of the Pennsylvania alone, ac-  
cording to information just received  
here. It was at first thought that  
the special campaign was to be  
staged by the Pennsylvania railroad  
alone, as it sent a special train  
through here last week, instructing  
all employees regarding safety de-  
vices. The special effort is in charge  
of the safety section of the United  
States railroad administration,  
which recognizes that many acci-  
dents are avoidable and that most  
of them can be prevented by the ex-  
ercise of greater care on the part  
of all concerned.

The plan involves an intensified  
effort to prevent all accidents dur-  
ing the period of the drive, by pub-  
licity meetings, and the definite in-  
struction and education of all em-  
ployees to the end that they will un-  
derstand that Safety is the most  
important consideration in the oper-  
ation of railroads.

It is the purpose of the railroad  
administration to demonstrate, in  
this manner, that most accidents  
are avoidable and unnecessary; and  
to definitely impress everyone with  
the fact that the record can and  
must be materially improved.

On all railroads under federal  
control, there are today some 1200  
safety committees, composed of ap-  
proximately 25,000 officers and em-  
ployees, the latter predominating, who  
meet every thirty days to discuss  
ways and means of preventing rail-  
road accidents. Of this number, 65  
committees with a membership of  
1065 officers and employees, are local  
to the Pennsylvania Lines west, and  
the impending campaign centers  
about these committees, all of which  
are taking an active interest in the  
preparations being made.

The people in charge of this cam-  
paign believe that if not only the  
employees, but the public generally  
can be properly interested in this  
plan, a very successful record will  
be made in the work of conserving  
lives and limbs, not only of rail-  
road employees, but also of passen-  
gers and other persons who have  
contact with railroad operation.

During the same period in 1918, 8  
employees were killed and 241 in-  
jured on the Pennsylvania Lines  
west, and it is hoped that through  
the earnest and active co-operation  
and assistance of everyone con-  
cerned, accidents to employees dur-  
ing the campaign will be entirely  
avoided. It is also thought that by  
specializing during this period in the  
prevention of accidents to employees,  
the subject of safety will be so  
forcefully brought to the attention  
of the entire community, that a  
marked improvement will be noted in  
the avoidance of accidents to all  
classes of persons.

The safety bureau of the Pennsylv-  
ania Lines west is endeavoring to  
impress upon all its employees, that  
it is better to cause a delay than to  
cause an accident; that it is better  
to be careful a thousand times than  
to be crippled once and to make the  
men understand that their lives and  
their limbs are their most precious  
possessions; and at the same time  
the greatest asset they and their  
employees have.

# What Is Big Business?

**B**USINESS, be it big or little, is production and distribution of commodities and service.

The size of a business is measured by the service it renders the public, and regardless of the capital invested, it never can become Big Business unless its output of useful service is great.

The Standard Oil Company (Indiana) is classified with big business, and it deserves to be, for from the day of its organization the goal toward which every effort has been directed has been to render a useful service to the public at large.

Originally the purpose of the Company was to manufacture and sell an illuminating oil of superior quality, but as the years have passed the Company has been able to take a wide range of other useful products from crude petroleum, and has made them available to mankind.

Today the Standard Oil Company (Indiana) is big because its job is big, and as the job expands so must this organization if it is to keep pace with the insistent and ever-increasing demands of a discriminating public, and thereby discharge completely its obligation as a public servant.

## SUGGESTS DEPORTING TO END LABOR TROUBLE

Washington, Oct. 13.—Deportation of immigrants after five years residence in United States unless they have learned to speak and write English, was considered by the senate labor committee today following investigation of the steel strike. Chairman Kenyon announced on his return from Pittsburgh.

Senators on the investigation committee declare Americanization of foreign born persons must be undertaken at once if grave industrial trouble is to be averted.

Senator Walsh proposed to the labor committee that a bill be drafted providing for deportation of foreigners who have not learned English at the end of five years.

Walsh referred to the testimony of one witness who declared that only 300 Americans were in one steel town of 23,000. Chairman Kenyon said the committee may later go to Youngstown and possibly to Gary if time could be found.

## WILSON'S CONDITION SAME

Washington, Oct. 13.—The statement of President Wilson's physician issued at 12:20 today, said his condition is the same.

Grayson said informally the president continued to improve slowly. He stated that in a pinch the president would be able to sign measures or to act. "I do not wish to abandon the rest cure and will resist every effort against his resuming his duties now," Dr. Grayson stated. The physician stated again that should any alarming symptoms arise, the public would be informed.

## TWELVE FARMERS ON JURY

Shelbyville, Ind., Oct. 13.—Twelve farmers will decide whether George Kessler is guilty of the murder of Minnie Wilkins, the gasoline station girl, in Indianapolis on the night of May 28.

The state demands that Kessler be given the death penalty through electrocution if found guilty.

## ENTER PLEAS OF NOT GUILTY

Richmond, Ind., Oct. 13.—Nineteen men who were indicted by the Wayne county grand jury for rioting in connection with the strike of the moulders union, entered pleas of not guilty when arraigned in the circuit court today.

The rioting started when thirteen strike-breaking moulders went to work in the Malleable Foundry.

## ALL DAY MEETING HELD

The Fairview Christian church held an all day meeting yesterday with a basket dinner at noon. The regular morning services were conducted and in the afternoon the Rev. J. E. Brown of this city gave the address. The meeting was the beginning of a series of meetings to be held each night for two weeks. A woman speaker from Richmond will help in the services.

## Reforming Government Finances

The movement to reform government finances has received more impetus by the special committee of the house of representatives which has completed the draft of a budget bill and has submitted it to the house. At the same time but independent of the budget measure, Representative Good, chairman of the appropriations committee, who offered the bill in the house, has proposed a new rule in the house whereby the appropriations committee would be enlarged to thirty-five members and would have jurisdiction over appropriation measures. As this enlarged it would be the budget committee and would consider the annual budget.

While this centralization of the jurisdiction over appropriations is not entirely essential to make the budget system a success, Mr. Good as well as many other members are convinced it will be to the public advantage. It is obvious that no such sweeping change can be accomplished without some controversy. A number of the democratic leaders including Claude Kitchin, former chairman of the ways and means committee, are fighting it.

Mr. Good predicts early action by the house on the budget bill. The measure as it stands is based on the Good bill and differs from it chiefly in detail. The idea of the bill is executive responsibility for the budget and at the same time Congressional liberty of action with reference to lowering or raising the budget. Mr. Good predicts that if the budget system is adopted substantial economy will be the result.

Mr. Good said he did not wish to be charged with seeking to enlarge the appropriations committee in order to gratify any personal ambition. He added that if the rule were adopted to enlarge the appropriations committee in order to leave the house free to make up the enlarged committee as it seemed to be most wise.

## Enid Bennett at Princess

Enid Bennett is at the Princess  
today in "Stepping Out" which deals  
with the carelessness with which  
people enter upon the matrimonial  
sea. A Burton Holmes travel pic-  
ture will also be shown.

Vivian Martin is the star in a  
new Paramount-Artcraft picture,  
"The Third Kiss," which comes to  
the Princess tomorrow. In this pro-  
duction she plays the role of a girl  
of the slums, who is in reality an  
heiress but who, to atone for a  
wrong done by her deceased uncle,  
lives among the working folks and  
aids in their relief, keeping her  
identity a secret from them and also  
from her co-workers.

She makes a great sacrifice when  
she marries a man she does not love  
to shield a young married man who  
has been devoting his life to settle-  
ment work, but who has fallen mad-  
ly in love with his beautiful and  
innocent little helped. How this sac-  
rifice proves in the end, a blessing  
when she finds that she really loves  
the man she has married is delig-  
tfully shown.

## Serial Opens at Mystic

The serial, "The Midnight Man,"  
in which James J. Corbett has the  
leading role, begins at the Mystic  
theater tonight. The first episode is  
entitled "Who Am I?" It unwinds  
the first thread of the plot, which  
deals with the plight of Bob Gil-  
more, athlete and young man of  
wealth, who discovers he is a foster  
son and starts out to learn his  
identity. To aid himself in his quest  
he has only a jade ring with three  
initials on it. He decides to enter  
the home of every citizen with the  
same initials, as a burglar in order  
to unravel the secret of his birth.

An L-Ko comedy "Hearts in  
Riot" and Universal current events  
will also be shown tonight. On Tues-  
day Baby Marie Osborn comes in  
"Mystery of the Bean Stalk."

Once a man was in Elkins, W. Va.,  
evidently trying to buy a bay horse.  
He saw a fine pair of bays being  
driven up the street. He stopped the  
driver (who turned out to be Steve  
himself) and asked him if he would  
sell one of the pair. "Couldn't be  
done," replied the late Senator Ste-  
phen B. Elkins.

"Do you know where I could get  
a horse about like this?" he asked.  
Steve knew and told him—a farm  
three miles out. "That's a pretty  
long walk," said the man. "I'd hate  
to go that far and not get what I  
want. Are you sure they have a  
horse like this for sale?"

"I ought to be," snapped Steve,  
"as I traded him one for this off  
gelding day before yesterday."

Couldn't Raise  
Hand to HeadBloomington Man Is Back On Job  
Every Day Now—Gains Thirty-  
Three Pounds.

"Well, sir, I only weighed one  
hundred and twenty-nine pounds  
when I commenced taking Tanlac,  
and now I tip the scales at one hun-  
dred and sixty-two, which gives me  
a gain of thirty-three pounds, and I  
claim that any medicine that will  
help a man that much who has been  
suffering for twelve long years is  
worth talking about," said F. T.  
Augustus, who lives at Hill's Hotel,  
Bloomington, Ill., the other day.

"I spend most of my spare time  
telling folks about Tanlac," con-  
tinued Mr. Augustus, "for it is the  
only medicine that has done me any  
good at all since I commenced to  
have rheumatism and stomach  
trouble a good many years ago.  
Nobody except myself will ever  
know how I suffered during all those  
years. Sometimes my legs would  
actually swell to almost twice their  
natural size, and the pain was so  
severe I could hardly stand it. My  
arms were in the same condition,  
and more than half the time I  
couldn't raise my hands to my head.  
Then my stomach went back on me,  
and everything I ate would disagree  
with me and cause me to suffer like  
blue blazes afterwards. Sometimes  
I would have such bad cramping  
pains I would have to call in a doc-  
tor before I could get any relief.  
As the years went by, my condition  
gradually got worse, and I finally  
had to give up my job as I was not  
able to do my work."

"I tell you, I was badly discour-  
aged over my condition, and I hardly  
knew which way to turn, but one of  
my friends told me about Tanlac,  
and advised me to give it a trial.  
Well, I got a bottle of this medicine,  
and it's the honest truth, I was feel-  
ing like a different man by the time  
I had finished my first bottle. I  
saw then that I had found the right  
medicine and I just kept on taking  
Tanlac until it finally overcame my  
troubles completely, and now I am  
as well and strong as I ever was in  
my life. I never had such an appe-  
tite, and everything I eat agrees  
with me, all right. The rheumatism  
has left me altogether, and I never  
have a sign of stomach trouble any  
more. I am back on the job every  
day in the week now, and just feel  
fine all the time. I sure believe in  
Tanlac, and as long as I live I will  
praise it for overcoming my troubles  
after everything else I tried had  
failed."

Tanlac is sold in Rushville by F.  
B. Johnson & Co.; in Milroy by Dal-  
las Copper; in Manilla by Geo. J.  
Inlow; and Arlington by Mrs. L. T.  
Davis. (Adv.)

Movement will be the principal  
speakers at the sixty-second meeting  
of the second synod of the United  
Presbyterian church at Morning  
Sun, Ohio, on Tuesday, Wednesday  
and Thursday. Dr. J. Alvin Orr of  
Pittsburgh, Pa., national chairman  
of the movement, will tell of its  
place in the church in a speech at  
the opening session Tuesday even-  
ing. Dr. J. Knox Montgomery, who is  
temporarily leaving the presidency  
of Muskingum college to head the  
department of spiritual life, will  
speak on "The Supreme Need of  
Our Church." The Rev. Ernest B.

The First United Presbyterian  
church here will be represented by  
the pastor, the Rev. J. T. Aiken, and  
A. C. Brown, and the congregations  
at Milroy and Mays likewise will  
send delegates.

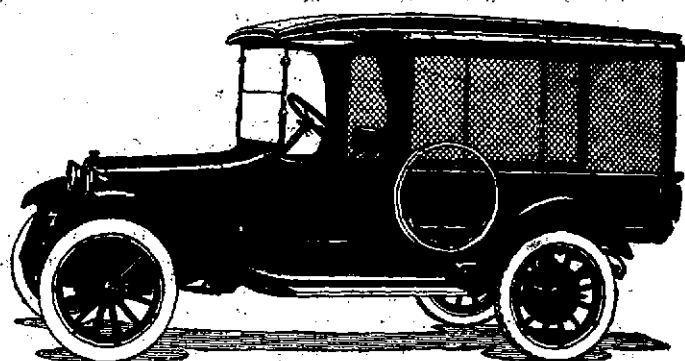

More detailed information on the  
scope and plan of the New World  
Movement will be given in the ad-  
dresses scheduled for Wednesday.  
Dr. Orr will tell of the program and  
plan for execution and Dr. Mont-

jectives and how it is proposed to  
reach them.

Dr. D. B. Dodds of Xenia, Ohio,  
synodical chairman for the move-  
ment, will explain the system of  
team work in the presbyteries and  
congregations which will be built up  
by the New World organization and  
an open discussion on the movement  
will be led by Dr. Orr. The Rev.  
Clyde S. Black of the Methodist  
Episcopal church of this city will tell  
how the Methodist Centenary cam-  
paign, similar in objectives and op-  
eration to the New World Movement,  
was carried on successfully.

Recruiting the ministry is the  
topic of our addresses to be given  
Wednesday evening with the Rev.  
Mr. McClellan presiding. The Rev.  
D. L. McBride of Dayton, O., the  
Rev. G. L. Brown of Bellefontaine,  
O., Dr. J. Kelly Giffen of Knoxville,  
Tenn. and the Rev. W. E. McClure of  
Columbus, O., will speak.

YOU WILL find that the Lib-  
erty owner is especially proud  
of two things:

One is the beauty of the Liberty;  
the other, the difference in the  
way in which it rides and drives.  
Its beauty, of course, needs no  
demonstration, for its distinctive,  
individual design is quite apparent.  
And if you will ride with him, or  
with us, for just ten minutes, you  
will be convinced that the differ-

his enthusiasm—but a real and  
vital difference in the Liberty it-

## TENNIS LOOMS UP AS A REAL SPORT

Once Thought to be a Game for "Bloomers" But Now it is Entirely Different

### TOURNAMENT AT FOREST HILLS

Cities Now Fight For Next Annual Meeting as in Former Days Only Few Were Contenders

(By United Press.)

New York, Oct. 13.—National tennis championship matches used to be considered somewhat as "one of those things that have to be." To the ordinary sport clientele, they were "bloomers." Promoters of matches had to scout around for a stage where they thought the event might be an attraction.

Now it's different. Cities are fighting for the privilege of entertaining the champion racquet wielders. Philadelphia, Pittsburg and several other prominent central and western towns want the 1920 matches.

The 1919 championship tournament at Forest Hills, L. I., was the best in the history of that sport which is only lately taking its real place with lovers of action. Ten thousand spectators at a tennis match would have provoked the old timers to laughter but the West Side Tennis Club set that mark. One of the most convincing arguments of the hold which tennis is getting on the nation was evidenced by the large percentage of the "common people" among the spectators.

The record attendance at all the matches may have been caused by the wave of popularity which has swept all sports to the front since the cessation of hostilities. But it is

## Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, aching muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

## Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 401 S. 25th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backaches, lumbago, I would arise feeling very tired and having headaches, and see doctors before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble disappeared. The backaches stopped and my kidneys were restored to healthy, normal action. I am glad to say that I am now well and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

## SALVATION ARMY ON GOOD WILL MISSION

Headquarters are Reopened Fully in Berlin and Task of Establishing Branches is Begun

### TO CALM SPIRITS AND LIVES

(By United Press.)

Berlin, (By Mail).—The Salvation Army—that institution which many an American doughboy will remember kindly through the years—has started a campaign based on Central Europe's looking toward creation with more of the spirit of "peace on earth, good will to men."

Headquarters of the organization, maintained here during the war, but unable to operate extensively because of its allied connections, has reopened fully and has begun the task of establishing branches in Prague, Vienna, Budapest, and throughout the Balkans.

Col. Treite, in charge of the local headquarters, declared it will be the aim of the central European campaign to offer solace to these troubled nations through calming their spirits and their lives. The army will work to wipe out hatreds engendered during the war, and to revive friendly intercourse, he said.

due more to the efforts of the West Side club to remove the false notion that tennis was a "high brow" game. As long as the championship matches were held at Newport and hailed as the society event of the year among the "blue bloods" the best element of the sporting public—the ones whose support makes all sport go, were denied the opportunity of seeing what a real virile sport tennis really is.

Removal of the stage from Newport to Forest Hills put the tournament within reach of the sport loving class and the success of the venture was proved from the start.

The West Side club wants the matches next year at Forest Hills but the club officials have declared a willingness to let some other city have it if the change will help the sport.

### TO ATTEND FALL CONGRESS

Capt. and Mrs. J. A. Tench Going to New York For Meeting Oct. 19

Captain and Mrs. J. A. Tench of this city will attend the national fall congress of the Salvation Army which will be held in New York City October 19 to 26, inclusive. Major Hunter will be in charge of the week-day meetings on Tuesday and Thursday, during their absence, and Enroy Gipson will have charge of the Sunday meetings.

The Army enjoyed large crowds at all of the meetings Sunday, and Capt. Tench reported that the Sunday school offering was the largest in the history of the Salvation Army work here. All branches of activity are prospering, he said. There were two conversions Sunday.

## They are Buying Coats & Suits Every Day

"Oh, I can't wear those coats, with big sleeves," was remarked by a young woman Saturday. She happened to wear a coat in size 42.

If she only knew that garments like the one pictured are just the kind that she can wear, she would have lost no time in getting into one of them.

That's one thing that has helped make ready-to-wear a success in this store—having coats and suits that are good looking for the large figure as well as for the small.

Simple Home Remedy

Advised For Raso And Hay Fever

Anyone Can Make a Pint For Telling Sum and Used In Time May Prevent Annual Attack

"No matter how severe your yearly attack be, no matter how distressing or humiliating, its intensity can be reduced to a harmless, mildness," says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Four one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true trial.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

## Where Can I Find Relief From Itching, Terrifying Eczema?

### Question on Lips of Afflicted

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., which acts by cleansing the blood. Get a bottle to-day, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.

Beautiful fresh flowers may be ordered here for delivery on a few hours' notice even in the most distant towns and cities. Our service extends all over the United States, Canada, Ireland and England.

If you have a sick friend to whom you wish to send flowers, or one who has just passed away and you wish a spray of flowers sent in token of your remembrance and esteem of them, it matters not how far the city may be, we can deliver them for you on time. The order will be wired, code form, to the leading florist, he in turn will fill same, using always the best flowers to be had, and will deliver promptly even though he has to drive with them to a neighboring town.

To begin with only the best florists are chosen as members of the F. T. D. (Florists Telegraph Delivery), and must pay a substantial entrance fee. This is used as collateral or guarantee that the flowers you order will be what you order and more than anything else, that you shall have value received.

This makes it safe for you to order what you wish, and there are times when this system comes in very good. Whenever you have occasion to use this system, call us up and we can more fully explain.

## CONVENTION MEETS TO DISCUSS PROFITEERING

National Poiltry, Butter and Egg Association to Look Into Dealers' Charging Unfair Prices

### FREIGHT RATES DISCUSSED

Cleveland, Ohio, Oct. 13.—Chief among the aims of the National Poiltry, Butter and Egg Association in convention here today, is the discussion of charges of profiteering against dealers in dairy stuffs.

W. T. Seibels, Chicago, business manager of the association, charged as "unjust" the inclusion of butter, egg and cheese dealers among profiteers in foodstuffs.

Among the endeavors of the association, said Seibels, is the "education and guidance of public opinion in all parts of the United States to the point of securing the adoption of legislation calculated to foster trade and safeguard consumers."

Dealers in general, attending the convention, said they would act in concert on a proposal to redress freight rates and thus help bring about a reduction in prices.

## PATRIOTIC SERVICE IS HELD

Orange Christian Church Honors Returned Soldiers Sunday

The Orange Christian church honored their returned soldier boys and the ones they lost in the service yesterday with an all day patriotic meeting. The Rev. W. C. Schronitz conducted the morning services, and Judge Raymond Springer of Connersville gave the principal address in the afternoon. During the day special music was furnished by Mrs. Howard Pyke, which was greatly appreciated by those present. The Rev. Tahnadge Defrees of the Little Flat Rock Christian church delivered the special address in the evening. At noon a sumptuous basket dinner was served.

## MEETING PART OF LOCAL CAMPAIGN

Continued from Page One

Among the plans of the Roosevelt Memorial Association, one that is expected to have a particular appeal is that of George Ade, chairman of the publicity committee, who proposed that all money subscribed in excess of the \$200,000, apportioned to the State, be used to establish an Indiana testimonial to Roosevelt. This proposal has been endorsed by the state executive committee and \$200,000 has been set as the goal to be reached in oversubscriptions, which will be devoted to the Indiana memorial.

## What other phonograph dares this test

DID you ask some one about the Edison Tone-Test recital given October 3, at the Main Street Christian Church? The startled audience heard Amy Ellerman's living voice flood the packed house. It then heard the New Edison\* match that voice, even unto its finest variation of shading and feeling. It heard the Fleming Sisters Trio repeat the experiment with their instrumental selections,—and again the New Edison matched every quality of harmonized violin, cello and piano. Any one who was present will tell you:

*The art of the living artist and its RE-CREATION by the New Edison can not be told apart.*

It is no idle phrase that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

## The NEW EDISON

"The Phonograph with a Soul"

Come in and hear this wonder for yourself—the Three Million Dollar Phonograph\* that RE-CREATES the very soul of music.

\*The instrument used in this Tone-Test is the regular model which sells for \$285 (in Canada \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

## PREMIER SENDS MESSAGE TO BE READ

Lloyd George Unable to Attend the Opening of League of Nations Union Fall Campaign

### MANY BODIES REPRESENTED

London, Oct. 13.—The League of Nations Union opened its fall campaign at the Mansion House today, but Premier Lloyd George was not able to be present. He was to make the principal address at the opening session. Instead he sent a message which was to be read.

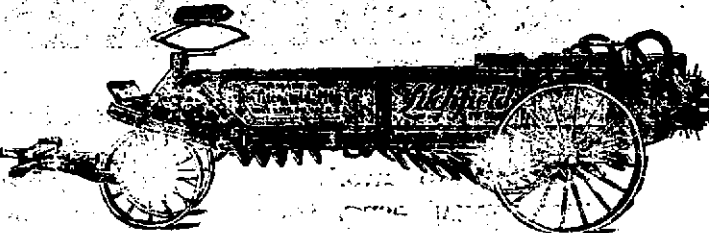

Lord Mayor Sir Horace Marshall presided, and in addition to Lloyd George, there was a distinguished gathering, including Lord Robert Cecil, the Archbishop of Canterbury, Viscount Bryce, U. S. Ambassador John W. Davis, and a host of other notables, leaders of national thought, and representatives of all the principal industrial, commercial, social and religious bodies. Premier Venizelos of Greece was present.

The Union will wage vigorous war on behalf of the League of Nations throughout Great Britain during the fall and winter, and it emphasized the need for every individual to co-operate in the movement, and thus aid in the establishment of peace on a permanent basis.

### TAIL LIGHTS WIN GAME

The Rushville Tail Lights won from Homer on the West Third street grounds, Sunday 5 to 1, in a well-played game. The Tail Lights had only one error, and that was a throw ball. McCarty went the whole route in good style for the Rushville team but Hungerford, pitching for the visitors, was knocked out of the box.

## PEOPLE ARE NOT ALIKE

Neither Are All Spreaders Alike.

Right now, at a time when the uncertainties following war conditions are being ELIMINATED, is the time to buy your manure spreader. NOW is the time, when it is almost a crime to waste and to not take advantage of every possible soil improvement.

The man who owns land and is giving real thought to this matter, knows that to put off buying a spreader is folly at this time. Delay means loss. If you are going to buy a manure spreader, remember there is more difference in these machines than there is in human beings. I do not claim that the Rushville Special Spreader is the only good spreader made, but it is so much better than the best of any other make that you can't afford to buy anything else.

That patented "BULL DOG" double acting beater wheel, can't be clogged—you can't stick it. Just think of this the next time you see a neighbor's pitch fork going with him to the field. Don't forget the "NO-CHOKE" box that can't be clogged, at least it has never yet been stuck with any kind of material.

There is a reason for using the expensive Litchfield hitch, and the Company knows what it is. It means a perfect equalization, and not a horse killer. The manufacturers would not put the extra expense into this, which is required, unless it had meant to justify.

Stop in and see the "Rushville Special" Spreader. You will like it.
